

## Project Management LeoQuaG - QUALITY GUIDELINES Transfer 2011 - 2013

This is the second time we come into cooperation with RKW Berlin - Brandenburg (Rationalization and Innovation Centre of the German Economy) within the frames of Leonardo da Vinci project.

The aim of the project is to work out management guidelines in educational organizations along unified standards but with national specification of EU countries retained. What is more we are going to ensure dissemination of quality guidelines in management of educational organizations in agreement with requirements of the ISO standards.

Partners in the project are educational and certifying organizations from Germany, Great Britain, Bulgaria, Latvia, Romania and Poland.

Zespół Szkół Odzieżowych, as a project participant, is responsible for dissemination of the developed quality guidelines in Poland. We are also obliged to verify the guidelines on the basis of own experiences.

Our team has already worked on management quality guidelines in the TQP-EU project (2007 - 2009). The outcome of this is ISO 29990 certificate earned for the second time in December 2011, proving we live up to norm requirements. Our goal is to, constantly, improve the quality of school's functioning, securing our students with the opportunity for effective education process in the reality of market economy. Efficient management guarantees development and growth of educational processes efficiency.
